Mission Statement

In an increasingly interdependent, fast-paced and connected world, parents, teachers and community leaders must cooperate to prepare our children for world citizenship. Our children are uniquely positioned as Indian-Americans to be productive and influential members of society. We believe that proficiency in the Languages of India and an understanding and appreciation of the Culture and Values of India are important components of their education that help them to discover and embrace their heritage and face life's challenges with confidence. To meet these objectives, Vidyalaya offers a comprehensive curriculum to students ranging from Kindergarten to high school.
